

Another way to **GO FISH** with your children!

Playing cards is an excellent way to share quality time with your child/children.

Cards are valuable tools because they are:

- ✓ portable (think long car ride!)
- ✓ easy to use with children of all ages
- ✓ great variety of different games to play
- ✓ provides hours of entertainment for very little cost

Playing cards also helps children achieve the skills that are necessary for their success in school by teaching them to:

- sit still for long periods of time
- recognize sizes, shapes and patterns
- practice fine motor skills for printing and writing
- pay attention to details
- follow directions
- listen carefully
- understand basic math
- problem solve
- learn about negotiation
- play by the rules
- get along with others
